UAE a Global Hub for Vaccine Distribution

March 25, 2021

The [Abu Dhabi HOPE Consortium](#) and [Dubai Vaccine Alliance](#) are [distributing COVID-19 vaccines](#) to developing countries around the world. Taking advantage of the UAE's strategic location and [vast logistics network](#), both organizations are working with international partners to safely deliver [millions of vaccine doses](#) to countries in Asia, Africa and Latin America.

Speaking at a [recent event](#), Deputy Chief of Mission Shaima Gargash highlighted the UAE's efforts and ongoing commitment to improving global public health.

"By working with international partners like the World Health Organization and UNICEF, millions of doses have already been transported from the UAE to places that have the greatest needs."

This Month in History

In March 2019, the UAE hosted the [Special Olympics World Games in Abu Dhabi](#), where 7,500 athletes from more than 190 countries competed across 24 Olympic-style sports. The Games were the first World Games ever held in the Middle East and North Africa. More sports than ever before were played by "unified teams"—comprising athletes with intellectual disabilities and their "unified partners"—making this the most "unified" Games in the 50-year history of Special Olympics.
