This Month In History

In October 2018, the UAE launched the [KhalifaSat Earth Observation imaging satellite](#) from the Tanegashima Space Center in Japan.

KhalifaSat is the first satellite to be designed, tested and manufactured entirely by Emirati engineers. It will remain in Low Earth Orbit for five years, taking high quality imagery of the ground below that will be used in urban planning and management.

UNITED FOR A BETTER FUTURE

With shared interests and common values, the UAE and US are close friends and strong allies
